# Federal Act on Medically Assisted Reproduction (Reproductive Medicine Act, RMA)

810.11

of 18 December 1998 (Status as of 1 September 2017)

## **Art. 15** Preservation of reproductive cells

---

- 1 Reproductive cells may be preserved only with the written consent of the person from whom they were obtained, and for a maximum of five years. At the request of this person, the preservation period shall be extended by a maximum of five years.

---

- 2 A longer preservation period may be agreed with persons who have their reproductive cells preserved with a view to producing their own offspring at a later date because medical treatment they undergo or an activity they carry out could lead to infertility or damage to their genetic material.

---

- 3 The person from whom the reproductive cells are obtained may, at any time, in writing, revoke consent to their preservation and use.

---

- 4 If consent is revoked or the preservation period expires, then the reproductive cells are to be destroyed immediately.

---
